2. Read revised plan and estimate regarding the proposed construction of a vegetable market on the east fort glacis near Kalasipalya, as called for in the General and Revenue Secretary's docket No. 8946—Ml. 431-06-4, dated the 9th March 1908.

Resolved that in submitting the plan and estimate called for by Government regarding the proposed construction of a separate vegetable market for the City, the Council are unanimously of opinion that, after inspecting the old market site, as also, the site where a new one is proposed to be built, and further considering the unsuitability of the new site which is all made-up soil formed by filling up the old fort trench and looking to the convenience of the public in general, including those of all the extensions, it is highly desirable to improve the existing market which may be left where it is, as its removal will cause great inconvenience to the public and that the same may, however, be improved on sanitary lines by acquiring the row of small insanitary houses situated alongside the Siddicatta road to the west of the market, as also the garden land situated to the north beyond the main drain up to Gundopanth road.

3. Read the General and Revenue Secretary's docket No. 1201-10—San. 250-07-7, dated the 1st August 1908, requesting the submission of the opinion of the Council on each of the proposals made by the Sanitary Commissioner in view to keep the plague expenditure for 1908-09, within the budget grant.

Resolved (1) that no special Police establishment is necessary, and (2) that the conservancy and the plague staff cannot be amalgamated in the City, at least for the present, as it is difficult of control and the duties assigned for the plague Staff cannot possibly be performed by the conservancy staff without detriment to their legitimate work, and that where plague staff does not exist, disinfection work may be entrusted to the conservancy staff.

4. Read Public Works Secretary's Memo No. 1135—7727, dated the 8th December 1908, forwarding copy of his docket No. 1133—7725 of the same date to the address of the Chief Electrical Engineer of Mysore, conveying sanction of Government to the estimate amounting to Rs. 1,15,695 for installing 518 electric lights in the extensions and suburban villages of the City except Munireddipalyam.

Resolution.—Recorded.

5. Read Sub-Committee's further report *in re* the location of a vegetable market in Akkipet.

7. Read Public Works Secretary's letter No. 1198—8176, dated the 22nd December 1908, stating that Government have, after a careful consideration, decided that it would be undesirable to allow the public to construct house-connections themselves.

Resolved that the resolution of the Council, as also the opinion of the Deputy Commissioner be communicated to Government, with the observation that the land in question forms a portion of the Provincial road known as "The Bangalore-Tumkur Road."

10. Read General and Revenue Secretary's letter No. 5955—Ml. 18-06-5, dated the 23rd December 1908, requesting that the question of the revision of the several establishments of the Municipality may be re-considered in the light of the remarks made therein and the result duly reported.
